

2023 ANNUAL REPORT

January 1 - December 31, 2023

Our mission is to provide free, easy-access, non-judgmental, charitable medical, dental, vision, and mental health care to the underserved. Everything we do is provided 100% free to everyone who comes seeking care from us!

We Hearing From Our Patients

My name is Eileen Zey, and alongside my husband, we are the parents of six beautiful kids — one boy and five girls. Life's been a bit tough lately, especially with my vision issues. Despite that, as a mom, my focus is always on helping my children.

We searched for help in our country for years with no luck. It turned out three of my daughters also had the same eye problem as me — congenital cataracts. Thankfully, the school stepped in and recommended **Seager Memorial Clinic**. It turned out, glasses weren't the fix; surgery was the way to go.

Seager Memorial Clinic became our lifeline. They not only arranged the operation for my daughters for free but also put me in contact with Dr. Williams for my own eye treatment. It's been a rollercoaster, but thanks to Dr. Bullard and Dr. Williams, and the amazing folks at **Seager Memorial Clinic**, we've got a better quality of life now.

Forever grateful. Big thanks!

— López Zey Family
